FEATURES AND BENEFITS:

The circle is the key factor in the design of ceramics, brass ware and furniture elements, the design meets the need to take the utmost advantage of design but with each component contributing to relaxation.

The Alessi dOt bathroom, a new and complete bath room setting, was conceived from the partnership between Alessi and the famous Dutch architect Wiel Arets

The formal style is minimal and repeated throughout the range, first conveying a sense of relaxation and only later its functional intentions, leaving room for thought.
